Description of Article

Appraised Value

(1) One ladies 14Kt. yellow gold wedding set. The engagement ring has one triangle shaped center diamond approximately .45 points and is set in a three prong setting. The diamond is approximately J color and approximately I1 clarity. On the shank of the ring are 16 tapered baguette diamonds ranging from 1-3 points each. The baguette diamonds are approximately SI2 - I1 clarity range and approximately H-I color range and are channel set. There are also 2 round brilliant cut diamonds approximately .03 points each and are channel set. The round diamonds are approximately J color and approximately SI1 clarity.

The matching wedding band has 2 round brilliant diamonds which are channel set. One diamond is approximately .02 points and the other diamond is approximately .03 points. Both diamonds are approximately J color and approximately SI1 clarity. The wedding band and the engagement ring are soldered together at the bottom.

Total weight of engagement ring (19 diamonds): .96 points

Total weight of wedding band (2 diamonds): .05 points

Total weight of set: 101 points (1 carat)

Retail replacement cost of set: Three thousand dollars.....\$3,000.00

NOTE: This appraisal tells you the approximate price at which you could replace the foregoing articles with comparable merchandise at a retail jewelry establishment selling jewelry of like quality. You should not expect to be able to sell the articles for this amount. The opinion of appraisers concerning value vary. We do not promise to buy the articles from you at the appraised value or any price less than the appraised value. We assume no liability with respect to any action that may be taken on the basis of the appraisal.
