1 Auction Policies

2 Star Trek Captains W/ Autographs COA

A framed limited Edition 1996 Captains of the Frontier #129/200 featuring autographs from the four Star Trek Captains: Kate Mulgrew (Kathryn Janeway), Avery Brooks (Benjamin Sisko), Patrick Stewart (Jean-Luc Picard), William Shatner (James T. Kirk). Measures approximately 26 1/4" x 20 1/4". This item comes with the accompanying Certificate of Authenticity. The frame is in overall good condition but does have light display wear through slight scratches on the plastic front.

3 40's ViewMaster Lot

This lot features a 1940's clamshell style ViewMaster and miscellaneous ViewMaster Reels. The Clamshell ViewMaster is in okay condition, with scratches and paint/and or plastic chipping around the eye sockets of the viewfinder. The Viewmaster still mostly functions and comes in an original ViewMaster box that is in decent condition. The box shows signs of use, scratches, taped corners, and some shallow denting. The Miscellaneous reels vary from decade and come in an assortment of conditions. Some reels come in sleeves where as others are loose. Please see pictures for further detailed conditions.

4 1925 Crossing the Equator Certificate

A 1925 Crossing the Equator Domain of Neptunus Rex certificate issued July 6th, 1925. This item, with the frame, measures approximately 26 1/2" x 21". The condition of the certificate itself is overall good, but there are signs of aging and staining toward the bottom, as well, the seal has slight cracking down the middle. The frame is also in overall good condition with light storage wear being evident. See pictures for further condition details.

5 30's - 70's ViewMaster Lot

This lot features a 1930's Travel Pak edition ViewMaster, a Sawyer's 7 Wonders of the World reel, and miscellaneous reels from multiple decades. The Travel Pak viewmaster is in good condition with minimal to no surface scratches, working trigger mechanism, and comes in its original packaging. The box is in good condition with signs of age and wear to the box's opening flap. Sawyer's 7 Wonders of the World reel of Glacier National Park is in okay condition. The reel film shows signs of warping and

aging. The reel is in its original gold envelope sleeve which is in good condition as well with wear and light creasing around the envelope seams. The miscellaneous reels vary in age and conditions, but all come in sleeves. Please see photos for further detailed conditions. You get all pictured.

6 Vintage View-Master Lot of (3)

Three vintage View-Masters from various years. Includes two beige GAF View-Finders and one blue 3D View-Masters which comes with a Sesame Street reel. The condition varies from item to item, all items have light scratching throughout the plastic of the body, but the GAF Lighted Viewer has breaks in the plastic on the top reel protector and there is writing on this item as well. See pictures for further condition details. You get all pictured.

7 TruVue Viewer and Reel Lot

This lot features two 1950's TruVue viewfinders and 9 reels. The 1950's TruVues are in good condition with signs of light play wear such as minimal surface scratches. The 9 reels come in their own boxes that each vary in condition. The reel boxes appear to mostly be in a decent condition with signs of wear around the box seams and signs of storage. Please see pictures for further detailed conditions.

8 Simpson Model 260 VOM

A Simpson Model 260 VOM to monitor fluctuating trends and rates within electricity. Measures approximately 7" x 5 1/2" x 3 1/2". This unit is in overall fine condition, however it is untested as it requires a fuse and battery, there are signs of moderate storage wear with blemishes and scratches in the metal, and there are broken edges at the vertices of the device. See pictures for further condition details.

9 Vintage Canon Lot of (2)

This lot features a Canon FD 50 Extension tube and a 50mm Cannon Lens cap. This is an extension tube, not a lens. Extension tube is in decent condition with light surface scratches to the tube's cap and barrel. Stickers on tube show signs of age and are starting to peel. The tube comes in a leather case that is in very good condition and shows minimal signs of wear and age. Canon 50mm lens cap is in good condition with light scratches and signs of use. Please see pictures for further detailed conditions. You get everything pictured.

LOT# QTY LOT# QTY

1

10 Pocket Microscope & Slides Lot of (2)

This listing includes one Doctor Max Pocket Microscope by Restoration Hardware and a vintage set of 60 Prepared Slides from Sears. All 60 slides are included in the Sears prepared slides, with sets of 12 slides being contained in 5 categories of: Bacteria, Bee & Butterfly, Blood, Tiny Creatures, and Sea Life. The Doctor Max Pocket Microscope is new in box as the item is still sealed, however, the box has light storage wear. The set of slides appear to be in overall good condition, however, the external box has heavy wear as three exterior flaps are missing and there is denting and water damage visible throughout the box. The boxes containing the slides has light wear but some sets (like the Tiny Creatures) have staining and light signs of storage wear. See pictures for further condition details.

11 Crystar Mini Spy Camera

This lot features a 1950's Crystar Mini Spy Camera from Japan. This 2inch by 1inch camera is in decent condition in its original box. Functionality of the camera is untested, and does not include film. The camera shows signs of aging and has light scratching on the metal pieces. The box is in decent condition and shows signs of wear and aging on the opening flap and around the box's seams. Instructions for the camera are included. Please see pictures for further detailed conditions.

12 Fossilized Crinoid Specimen

This aquatic suspension feeder fossil was found in lowa. The specimen and slab measures approximately 3 1/2" x 2" x 1" and is in overall good condition, however, a crack is present from the back that slightly leads to the front of the slab. See pictures for further condition details.

13 Sawyer ViewMaster and Reel Lot

This lot features two vintage ViewMasters, a ViewMaster Light Attachment, and various reels including 3 Sawyer's 7 Wonders of the World reel. The Brown 1940's ViewMaster is functional and in good condition with light signs of wear and scratches. The ViewMaster with Light Attachment comes assembled in good condition with very minimal signs of use and is stored in its original box. The box is missing the cord attachments, but is in good condition with signs of age wear and usage around the seams of the box. The reels vary in condition but consistently show a warping in the paper of the reel Each reel comes in its own envelope that are mostly in good condition with signs of age around the seams. Please see pictures for further detail of condition. You get everything pictured.

14 Fossilized Trilobites Lot of (4)

Four trilobite specimens ranging in size with the largest trilobite measuring approximately 1" in length. All trilobites are in overall great condition, however, we are unsure how old each individual specimen is. See pictures for further condition details. You get all pictured.

15 ViewMaster Projector and Reel Lot

This lot features a functional vintage ViewMaster reel projector and a various plethora of reels. The projector bulb still functions and the machine is in decent condition. It is without box and shows signs of age and wear with light scratching and some warping near the grill. All reels vary in condition and are in their own envelopes. Please see pictures for further detailed conditions. You get everything pictured.

16 Gem and Mineral Lot of (4)

Including a polished half of a green agate with druzy crystals, citrine, two halves of a split geode, a quartz crystal point and a tumbled and polished tiger's eye. All items are in overall great condition, however, there are light scratches visible on the polished face of the agate. See pictures for further condition details. You get all pictured.

17 ViewMaster Reel Lot of over (50)

This lot features over 50 ViewMaster reels, all which vary in condition. This lot is reels only, and does not contain a ViewMaster viewfinder. Reels come in their own sleeves with vary in condition but overall are in good condition with signs of age. Please see pictures for further detailed conditions. You get everything pictured.

18 Fossilized Trilobites Lot of (5)

Five trilobite specimens ranging in size with the largest trilobite measuring approximately 1 1/2" in length. All trilobites are in overall great condition, however, we are unsure how old each individual specimen is. See pictures for further condition details. You get all pictured.

19 Sawyer ViewMaster and Reel Lot

This lot features a vintage ViewMaster, a Sawyer's 7 Wonders of the World reel, and various other reels. The 1940's ViewMaster is functional and in good condition with light signs of wear and scratches. The ViewMaster is stored in its original box which is in good condition with signs of age wear and usage around the seams of the box. The reels vary in condition and are stored in their own sleeves that are mostly in good condition with signs of age around the seams. Please see pictures for further detail of condition. You get everything pictured.

20 Mineral Lot of (4)

Featuring two separate clusters of pyrite, botryoidal hematite, and native copper from the Keweenaw Peninsula in Michigan. The native copper measures approximately 3" x 1 1/2" for size reference. All pieces are in overall great condition but there is light scratching on the square cluster of pyrite and oxidization shown on the hematite and copper. See pictures for further condition details. You get all pictured.

1

1/29 - Americana: Estate Finds & Patriotic Collectibles 1/29/2022
